## REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Transitioning to middle school is a time of tremendous change for students as well as parents; therefore, Mayewood Middle School is committed to building a community of caring and knowledgeable students who are academically and socially prepared to excel at the high school level. We encourage our parents to be active participants in our school instructional and extracurricular programs. The teachers focus on teaching and reinforcing a relevant, age-appropriate curriculum which fosters and nurtures the inquisitive nature of students. Technology is used throughout the school as an instructional tool. All classrooms are equipped with Promethean Boards. Each child has a laptop and an iPod, and all teachers are trained. Additionally, students have the opportunity to participate in extracurricular activities and academic organizations such as the National Junior Beta Club, Student Council, and the Media Literacy Team.

Mayewood met established criteria for both federal and state accountability. Adequate Yearly Progress (AYP) was made at the end of 2009. We are no longer monitored as a state Palmetto Priority School (PPS).

We continue to apply reform initiatives to foster improved academic achievement. We continue to implement MAP (Measure of Academic Progress) testing for all students. This program specifies the academic skills each student has mastered and identifies the skills needed to accelerate the learning.

Data-driven, ongoing, professional development is provided in all areas. Flexible academic scheduling allows teachers to meet in departmental groups as well as collaborative teams in an effort to share and plan for a variety of effective teaching strategies. Likewise, common planning allows grade levels to plan interdisciplinary activities. A variety of research-based strategies are being used to ensure student success.
